

Prysm Systems Launch+

Prysm Systems Launch+ is an add-on that allows access to third party web conferencing and collaboration applications such as Zoom, Cisco WebEx, and Microsoft Teams. The Launch+ panel displays a list of preferred Windows applications that can be brought to the front of the screen with the click of a button. Your preferred web conferencing application can be used to share screen while you view and annotate on multiple files or the Prysm Systems web browser.

For more information, contact us at sales@prysmsystems.com, +1.408.586.1100.

Features and Benefits

Supported Launch+ Features

- ▶ Docking panel for quick access to apps.
- ▶ Use preferred video conferencing applications while collaborating in Prysm Systems software.
- ▶ Focus third party applications on top of the Prysm Systems application while collaborating in Prysm Systems workspaces.
- ▶ Use third party video conferencing to share Prysm Systems Workspace content or Prysm Go content.
- ▶ Use simple administration interface to manage the available list of third party applications.
- ▶ Restrict third party applications from full-screen mode so your Prysm Systems content is always visible.

Prysm Systems Launch+ Benefits

Introducing Launch+, a customizable add-on that enables flexible video conferencing within the powerful Prysm Application Suite platform. Expand the in-room experience and leverage multiple communication tools such as Teams, WebEx and Zoom with one easy click. Launch+ empowers users to easily switch tools with each new call.
